WORK EXPERIENCE

Veterinary Unit Intern | Federal Ministry of Agriculture

2023 – 2024

- Gained practical hands-on experience in animal handling, welfare, and care within a government veterinary unit
- Assisted veterinary officers in clerking clinical cases, documenting animal health records, and supporting treatment procedures
- Developed proficiency in animal behaviour assessment, biosecurity protocols, and livestock health monitoring
- Collaborated with a multidisciplinary team to ensure compliance with animal welfare standards and ministry guidelines

Agriculture Teacher & PPA Unit Leader (NYSC) | Government Mega College Dadinkowa

2025 – 2026

Gombe State

- Served as the Unit Leader at the Place of Primary Assignment (PPA), coordinating corps members and liaising with school management
- Elected CDS Leader for the Educational Development Community Development Service group, organising and leading community-focused education initiatives
- Delivered Agriculture lessons to secondary school students, developing lesson plans that simplified complex concepts for students at varying levels
- Demonstrated strong classroom management and student engagement skills in a large public school setting
- Mentored students on agricultural practices and career pathways, fostering interest in the agricultural sector

SKILLS

Technical Skills |

- Microsoft Word — document creation, formatting, and professional report writing
- Microsoft PowerPoint — presentation design and delivery
- Data entry and basic record management
- Animal health assessment, livestock handling, and veterinary case clerking

Soft Skills |

- Strong communication and interpersonal skills developed through teaching and team-based fieldwork
- Adaptability and resilience — proven through NYSC deployment in an unfamiliar state and environment
- Attention to detail — demonstrated in clinical case documentation and academic performance
- Leadership and initiative — managed classroom dynamics independently as a serving corps member

AWARDS & HONOURS

- Best Graduating Student — Department of Animal Production, FUT Minna
- Vice-Chancellor's Award — Awarded at 300 Level for outstanding First Class academic performance
- Departmental Best Student Award — Awarded at 100 Level by the Department of Animal Production

PROFESSIONAL DEVELOPMENT & INTERESTS

- Active interest in agricultural value chain development, food security, and agribusiness
- Open to further training in data analysis, project management, and agricultural technology (AgriTech)
- Committed to lifelong learning and professional growth through graduate trainee programmes
